MAJOR RENOVATIONS

- When Bugg Elementary students return to school they will find some changes. First, families will use a new drop off loop and entry for the school. The school has a new classroom wing for students in kindergarten and first grade in addition to being the temporary location for the administration area until it is renovated. The school's media center has been renovated.
- The major renovation of the school is part of the 2006 school construction program. The \$17.6 million project includes construction of ten new general classrooms and two new Special Programs classrooms. The project calls for construction of new Physical Education support spaces, renovation and expansion of the kitchen and construction of new dining/serving area. This coming year, there will be renovations to the administration area, grade 4/5 classroom wing, lobby and front entrance, which will have a new canopy.
- The completed project will add 28,597 new square feet and provide a school facility of 88,374 gross square feet.
- Principal Mary Page says: We are all so excited about the changes to our building. It has improved staff morale and students' pride in their building. Teachers had to work over the weekend to get moved out and back in the main building. We have new rooms for K-1 and Grades 2 and 3. We also have a canopy for our car pool lane and will have a new front when the project is completed in March. The colors are bright and inspiring and we are ready to start our new year and the final phase of our construction.

DIRECTIONS

- From the Raleigh Beltline (I-440) take I-440/Beltline to Poole Road exit. Go west on Poole toward downtown. Turn left on Cooper Road. The school is 3 blocks down Cooper Road on the left. The school is at 825 Cooper Road, Raleigh, NC 27610. The phone number is 250-4750.
