

Rising 9th Grade Course Recommendation Categories

School Assistant Module – (SAM)

In February and March, 8th grade teachers will use SAM to make 9th grade course recommendations for students. When teachers log on to SAM, they will see information similar to what is listed below and will choose appropriate levels of courses for the student to take in 9th grade.

Directions:

1. Please make one level recommendation under each subject area (standard, honors, etc). If the student has completed prerequisites for more than one course, the teacher may recommend more than one course. (ex. Honors English & Honors Paideia)
2. Please make comments as appropriate. **Students and parents will see comments made by teacher.**
3. Math teachers are encouraged to make their recommendations before science teachers.

- English 9, Basic
 - English 9, Standard
 - English 9, Honors Level
 - Paideia, Standard
 - Paideia, Honors
 - Competency Intervention – Reading (Elective)
-

- Math Competency Intervention
