

**GRANTS ADMINISTRATION ANNUAL  
SUMMARY REPORT: 2001-02**

*Authors: Jackie Sorrell and William L. Carruthers*

**Abstract**

*The Grants Administration and Compliance Reporting Office (GA) in the Wake County Public School System (WCPSS) was established in the 1985-86 school year. One hundred and ninety grant applications were prepared in 2001-02 and approximately \$57.3 million was awarded for that school year. Although the majority of funds received were from federal government agencies, the majority of grant proposals (63.2%) and awards (64.6%) were with agencies other than government bodies. Grant applications from school-based personnel constituted the majority of applications, but funding amounts were small. Most of the funds received (\$55.4 million) were secured through central office grant applications for school-based programs. The full report provides details on grant applications and awards for the 2001-02 year.*

**GRANTS ADMINISTRATION BACKGROUND**

The Grants Administration and Compliance Reporting Office (GA) in the Wake County Public School System (WCPSS) was established in the 1985-86 school year, following a review of WCPSS finance and administrative functions conducted by Arthur Andersen & Company. One finding of the review was that a dedicated grant administrative function "...should be able to increase the monies made available to the WCPSS and avoid program mismanagement." In 2002-03, compliance reporting functions were added as a responsibility of the Grant Administration office.

## **RESPONSIBILITIES**

A principle responsibility of the GA office is to secure public and private funding through entitlement and competitive grant opportunities in ways that are consistent with school district priorities, applicable regulations, and relevant research findings. This responsibility includes the following functions:

- Identify grant funding opportunities and communicate these to WCPSS personnel;
- Advise the Board of Education of grant funding opportunities and secure approval to submit applications;
- Assist WCPSS personnel with preparing and submitting grant applications;
- Conduct training programs for WCPSS personnel on grant development and management;
- Interpret federal, state, and local rules and procedures governing grants;
- Monitor grant programs for compliance with program and statutory regulations and ensure compliance with federal and state data reporting requirements; and
- Work with appropriate departments including Information Systems, Human Resources, Curriculum and Instruction, Due Process, and Student Support Services to ensure that grant program data are collected, compiled, and reported in an accurate and timely manner to comply with federal and state reporting requirements.

## **PURPOSE OF ANNUAL REPORT**

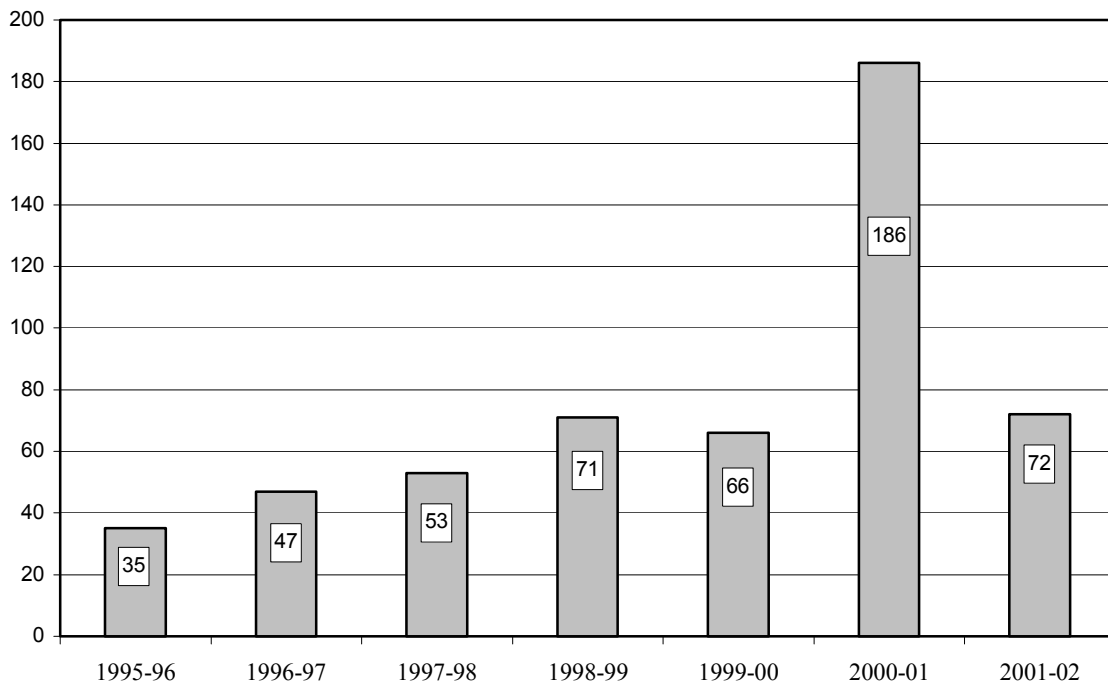

Every year, the GA office prepares a summary of grant development activities for the previous year. This report describes major accomplishments of the GA office along with systemwide grant development activities in the 2001-02 school year. The report enumerates the number and variety of grant applications submitted to various funding sources by central office personnel, school-based personnel, and others on behalf of WCPSS. Through this enumeration, the report is an account of the **effort** expended systemwide to prepare and submit grant applications, as well as the **success** with winning grant awards. The report is not a financial accounting of grants managed by WCPSS. The dollar amounts noted for individual grant applications and awards are based upon information collected from WCPSS Budget Department and figures reported to the GA office by groups and individuals submitting grant applications.

## **MAJOR ACCOMPLISHMENTS in 2001-02**

- In the 2001-02 year, the Grants Administration office broke new ground as it worked with the Curriculum and Instruction Department to develop a multi-million dollar application to the National Science Foundation (NSF). The College of Engineering and College of Agriculture & Life Sciences at North Carolina State University were significant partners in the effort. Preparing the proposal occurred over an 8-month period. The proposal was subsequently reviewed favorably by NSF and made it to the final round of competition before losing out. For a first-time experience with preparing an NSF proposal, the school district's success making it as far as it did was quite noteworthy.

- Also, in 2001-02, Mt. Vernon Middle School and Longview High School prepared applications to the NC Department of Public Instruction Comprehensive School Reform Demonstration grant program, and both schools subsequently secured awards.
- The GA Office continues to implement the Federal Personnel Activity Reporting System, monitoring employees' time and effort, documenting 421 employees with salaries funded in whole or part with federal funds in the Spring 2000-02 year

**Figure 1**  
**Number of Applications to Wake**  
**Education Partnership**

**Figure 2**  
**Summary of WCPSS Grant Application Effort and Success: 1999-00 through 2001-02 <sup>(1)</sup>**

Description	1999-00	2000-01	2001-02
Applications submitted (effort)	233	286	190
Applications awarded (success)	192	125	161
Total amount of funding requested (2)	\$ 73,120,431	\$ 80,614,038	\$ 85,483,372
Funding level of proposals awarded (3)	\$ 44,883,091	\$ 53,785,019	\$ 57,279,576
Percentage of funds awarded	61.4%	66.7%	67.0%
Percentage of proposals awarded	82.4%	43.7%	84.7%

- (1) The GA database is constantly being updated, including corrections to past years, and there will be variances in the figures reported in this document compared to earlier reports.
- (2) "Total amount of funding requested" reflects the total amount requested in the original grant application, whether for a single year project or a multi-year project.
- (3) "Funding level of proposals awarded," reflects only the amount received in the single year.

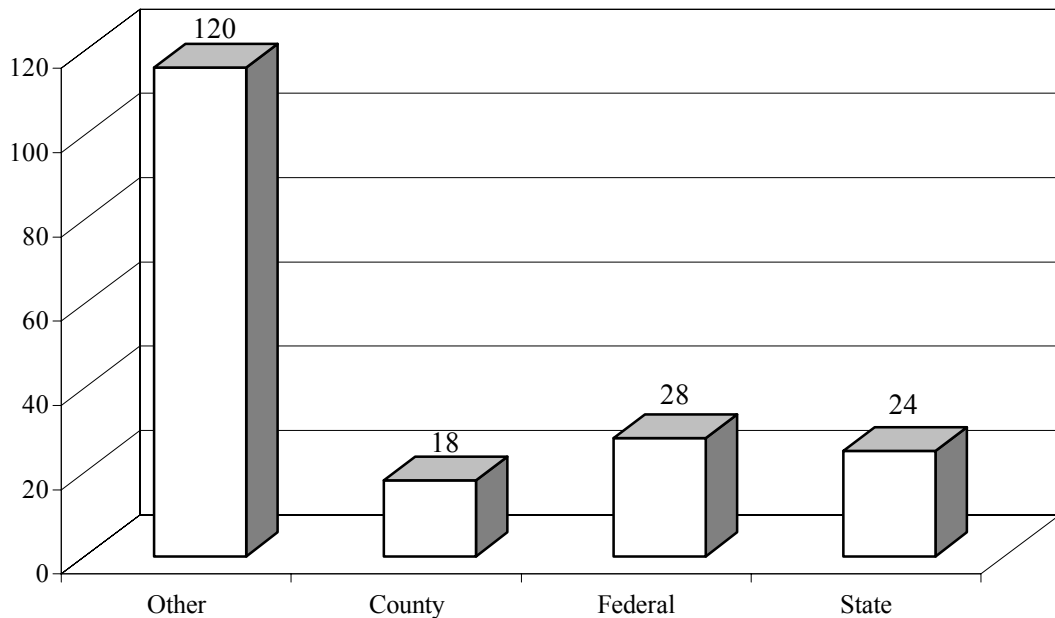

**Figure 3**  
**Funding Source, Funding Level, and Type of Grant: 2001-02**

Funding Source	Funding Type	Number of Applications	Funding Level
<b>Federal Governmental Agencies</b>	Entitlement	14	\$ 23,491,201
	Competitive	14	\$ 10,009,036
	Collaboration	0	0
<b>State Governmental Agencies</b>	Entitlement	3	\$ 21,883,862
	Competitive	20	\$ 356,684
	Collaboration	1	
<b>County Governmental Agencies</b>	Competitive	15	\$ 1,127,875
	Collaboration	3	\$ 40,600
<b>Other Agencies *</b>	Competitive	117	\$ 360,317
	Collaboration	3	\$ 10,000
<b>Totals</b>		<b>190</b>	<b>\$ 57,279,576</b>

\* Note: Other Agencies includes foundations, corporations, businesses, professional associations, and the like.

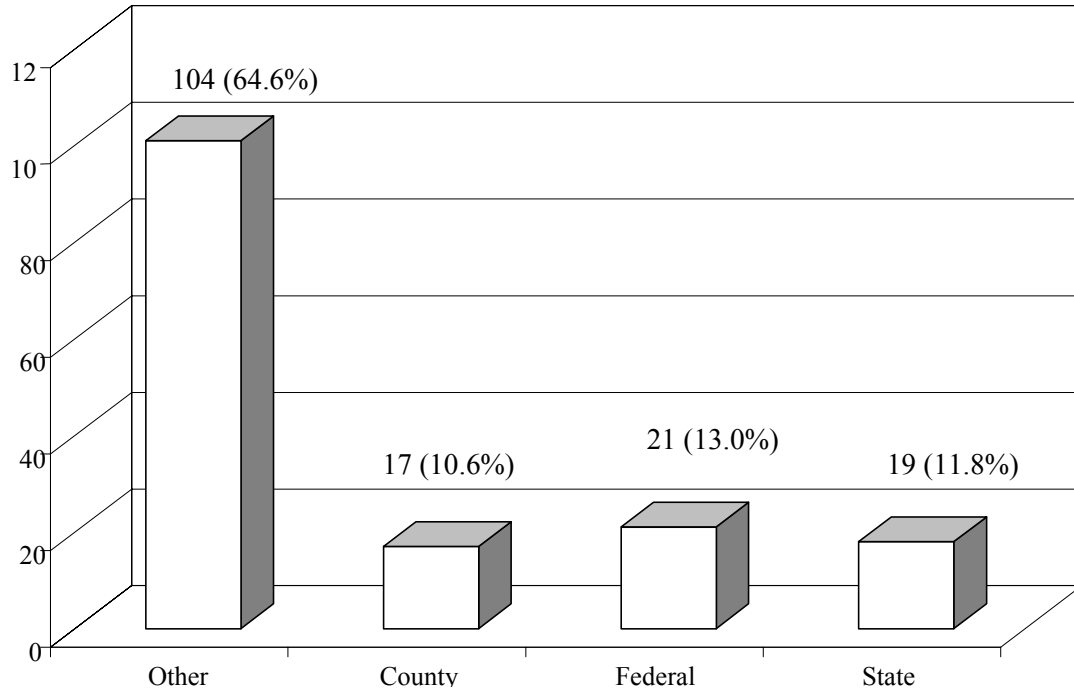

Figure 4 demonstrates that the majority of grant proposals (63.2%) were submitted to agencies other than governmental bodies, including community foundations, corporations, and professionals associations (e.g., Wake Education Partnership, North Carolina Electric Cooperatives, North Carolina Arts Council, National Science Teachers Association).

**Figure 4**  
**Number of Proposals Submitted by Funding Source (n = 190)**

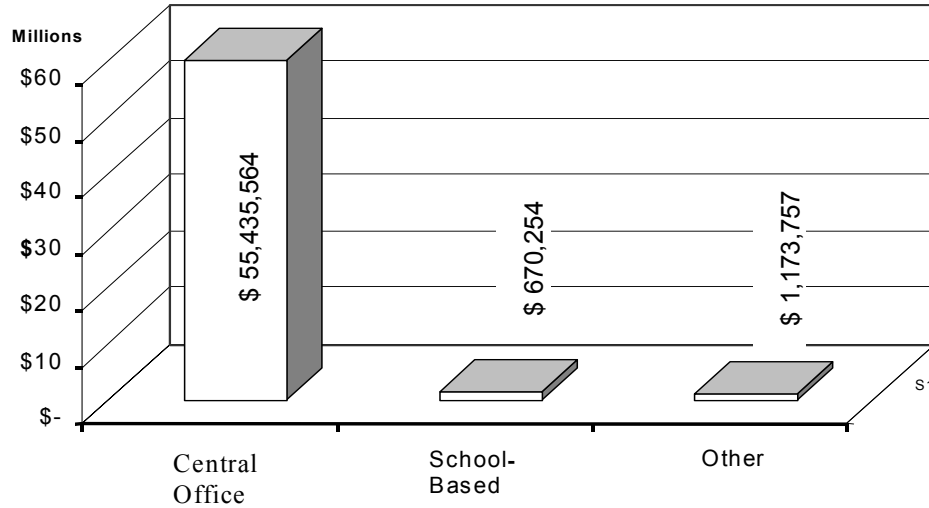

Consistent with the information depicted in Figure 4, Figure 5 indicates that the majority of grant awards (64.6%) were received from agencies other than governmental bodies. Most of the grant awards from "Other" agencies are school-based grants for relatively small amounts of money.

**Figure 5**  
**Number of Proposals Awarded by Funding Source (n=161)**

Most grant applications are prepared and received by school-based personnel. However, grant funds received by the district are overwhelmingly secured through central office-based grants (see Figure 6). Federal entitlement grants account for most of the grant funds received by the school district.

**Figure 6**  
**Amount of Grant Awards by Operational Site**

## **SCHOOL GRANTS CONTACT PROGRAM**

The School Grants Contact (SGC) program encourages each school to identify one staff member to serve as a liaison with the GA office. The main responsibilities of the SGC are to receive communications from the GA office about grant opportunities, distribute this information to school staff, and advise school staff of district policies and procedures pertaining to the submission of grant applications. Those with the interest often assume lead roles at their school with assisting school staff to prepare grant applications. All WCPSS schools identified an SGC in the 2001-02 year.

SGC meetings are conducted for the purpose of sharing specific information about pending grant opportunities. Historically, these meetings have been conducted after regular school hours at a central location, and attendance has typically ranged between 5-10 individuals per meeting. In the 2001-02 school year, meetings were held bi-annually at the Webster Center.

With SGC participation being relatively small, considerations for the 2002-03 school year are to provide one-on-one training upon request at the convenience of the School Grant Contact, to make greater use of email distributions to the SGCs, and to continue the promotion of the Grants Administration intranet web site.

## **APPENDIX A: GRANT APPLICATIONS BY WCPSS COST CENTER**

The following appendix provides details on the 190 grant applications tracked for the 2001-02 year, indicating the cost center submitting the grant, the funding agency, and the eventual award.

Responsibility for Management: WCPSS Central Office
