

# GRANTS ADMINISTRATION AND COMPLIANCE REPORTING

WAKE COUNTY  
PUBLIC SCHOOL SYSTEM

EVALUATION AND RESEARCH DEPARTMENT

E&R Report No. 05.29

March 2006

## GRANTS ADMINISTRATION ANNUAL SUMMARY REPORT: 2004-05

*Authors: Jackie Sorrell and William L. Carruthers*

### **ABSTRACT**

*The Grants Administration and Compliance Reporting Office (GA) in the Wake County Public School System (WCPSS) was established in the 1985-86 school year. Three hundred and seventeen grant applications were prepared in the 2004-05 school year; 238 (75.8%) of the applications were awarded for approximately \$38.8 million. Although majority of funds received were from federal government agencies, the greater part of the grant proposals (77.6%) and awards (79.83%) were with agencies other than government bodies. School-based grants constituted the bulk of the applications, with amounts ranging up to \$10,000. Most of the funds received (38.1 million) were secured through central office grant applications for school-based programs. The full report provides details on grant applications and awards for the 2004-05 year.*

### **GRANTS ADMINISTRATION BACKGROUND**

The Grants Administration and Compliance Reporting Office (GA) in the Wake County Public School System (WCPSS) was established in the 1985-86 school year, following a review of WCPSS finance and administrative functions conducted by Arthur Andersen & Company. One finding of the review was that a dedicated grant administrative function “...*should be able to increase the monies made available to the WCPSS and avoid program mismanagement.*”

## **RESPONSIBILITIES**

A principle responsibility of the GA office is to secure public and private funding through entitlement and competitive grant opportunities in ways that are consistent with school district priorities, applicable regulations, and relevant research findings. This responsibility includes the following functions:

- Identify grant funding opportunities and communicate these to WCPSS personnel;
- Advise the Board of Education of grant funding opportunities and secure approval to submit applications;
- Assist WCPSS personnel with preparing and submitting grant applications;
- Conduct training programs for WCPSS personnel on grant development and management;
- Interpret federal, state, and local rules and procedures governing grants;
- Monitor grant programs for compliance with program and statutory regulations and ensure compliance with federal and state data reporting requirements; and
- Work with appropriate departments including Information Systems, Human Resources, Curriculum and Instruction, Due Process, and Student Support Services to ensure that grant program data are collected, compiled, and reported in an accurate and timely manner to comply with federal and state reporting requirements.

## **PURPOSE OF ANNUAL REPORT**

Every year, the GA office prepares a summary of grant development activities for the previous year. This report describes major accomplishments of the GA office along with systemwide grant development activities in the 2004-05 school year. The report enumerates the number and variety of grant applications submitted to various funding sources by central office personnel, school-based personnel, and others on behalf of WCPSS. Through this enumeration, the report is an account of the **effort** expended systemwide to prepare and submit grant applications, as well as the **success** with winning grant awards. The report is not a financial accounting of grants managed by WCPSS. The dollar amounts noted for individual grant applications and awards are based upon information collected from WCPSS Budget Department and figures reported to the GA office by groups and individuals submitting grant applications.

## **MAJOR ACCOMPLISHMENTS IN 2004-05**

In the 2004-05 year, the North Carolina Department of Public Instruction (DPI) conducted a monitoring visit of the WCPSS Title I program. As part of this monitoring visit, DPI required WCPSS to produce the Personnel Activity Reports (PARS) collected for federally-funded personnel with salaries being paid in the Title I program. The collection, analyses and maintenance of these forms are a responsibility of the Grants Administration Office. DPI found that WCPSS had collected all required forms and rated the activity a "3" (the most positive rating on a 3-point scale). However, in the course of reviewing the PARS procedures being implemented by the district, DPI staff identified a number of areas for improvement, including revising the PARS manual to reflect current practices. Subsequently, the Grants Administration Office completed revision of the PARS manual, and DPI staff, Stephanie

English (personal communication, November 2, 2005) commented favorably on this as well: "This is one of the best-written PARS documents that I've had the pleasure to read. It's obvious that you've put a lot of time and energy into it. Well done!"

Per guidance provided by DPI staff and revisions made to the PARS manual, implementing the PARS activity in future years will involve considerably more time and effort to accomplish. One avenue that the Grants Administration office will be pursuing is to work with the district's Information Technology Division to automate as much of the PARS activity as possible

The greatest number of applications submitted to any single funding source by schools was 36 grant proposals submitted to Wake Education Partnership, out of which 31 grants were awarded totaling approximately \$56,000

**Figure 1  
Number of Applications to Wake  
Education Partnership**

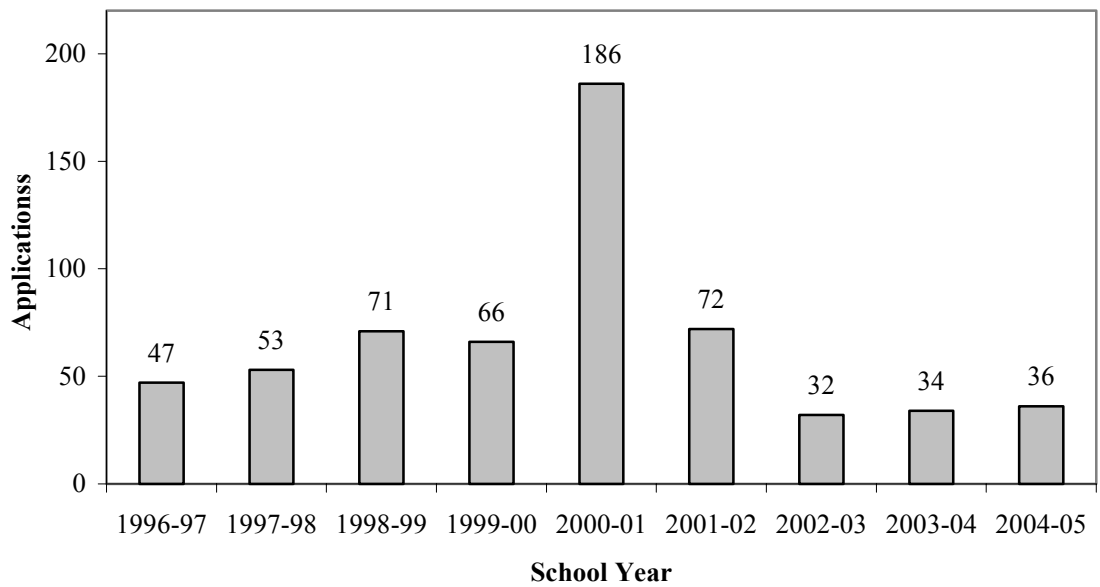

Table 1 reveals our system wide effort to submit and receive grant awards.

**Table 1**  
**Summary of WCPSS Grant Application Effort and Success: 2001-02 through 2004-05 <sup>(1)</sup>**

Description	2001-02	2002-03	2003-04	2004-05
Applications submitted (effort)	190	165	204	317
Applications awarded (success)	161	121	149	238
Total amount of funding requested (2)	\$ 85,483,372	\$ 86,158,427	\$ 54,289,649	\$ 40,980,258
Funding level of proposals awarded (3)	\$ 57,279,576	\$ 43,718,919	\$ 41,468,663	\$ 38,857,270
Percentage of funds awarded	67.0%	50.7%	76.4%	94.8%
Percentage of proposals awarded	84.7%	73.3%	73.0%	75.1%

- <sup>(1)</sup> The GA database is constantly being updated, including corrections to past years, and there will be variances in the figures reported in this document compared to earlier reports.
- <sup>(2)</sup> "Total amount of funding requested" reflects the total amount requested in the original grant application, whether for a single year project or a multi-year project.
- <sup>(3)</sup> "Funding level of proposals awarded," reflects only the amount received in the single year, which can include new programs.

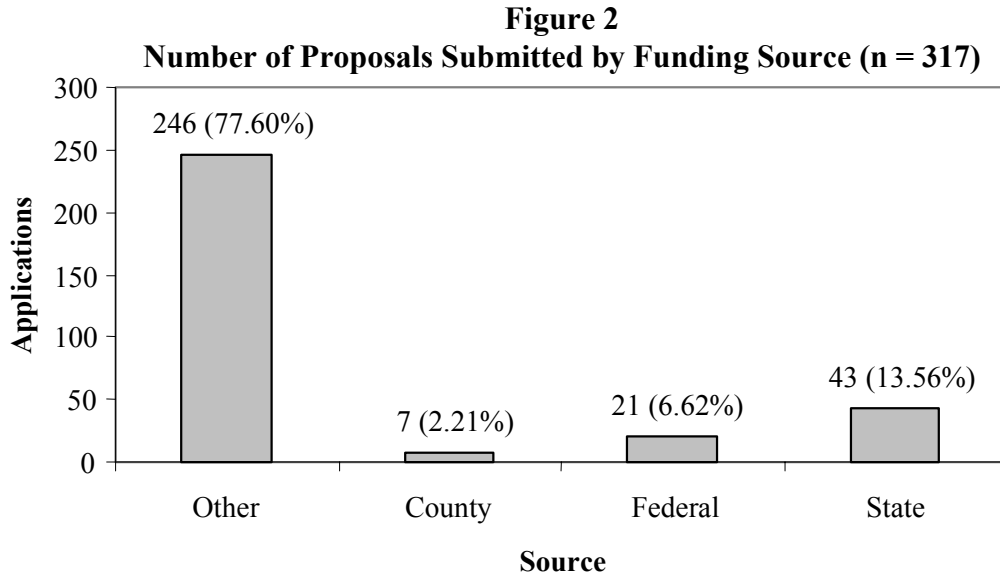

Table 2 discloses the funding level of grant awards received by various funding sources.

**Table 2**  
**Funding Source, Funding Level, and Type of Grant: 2004-05**

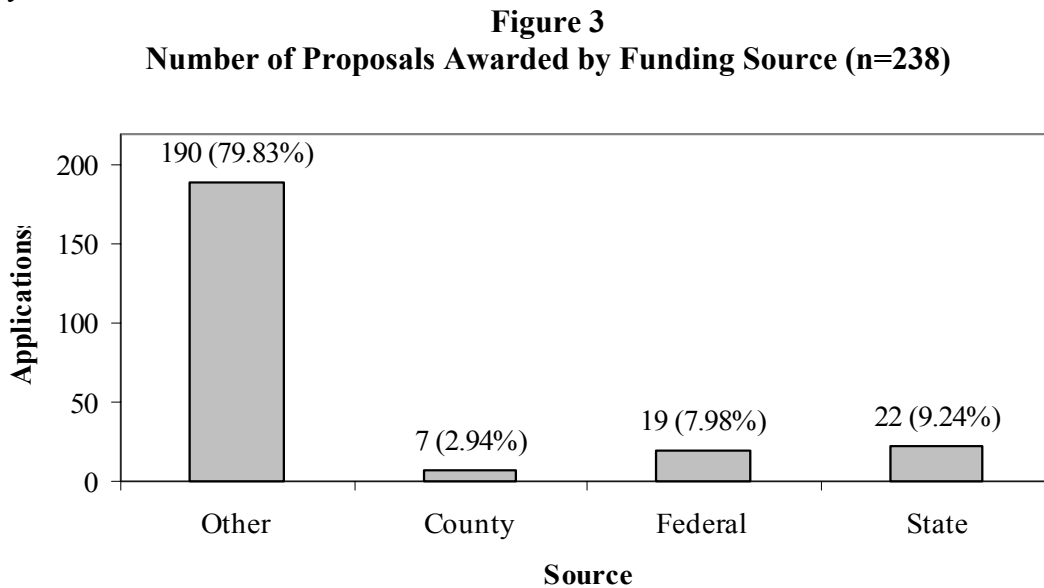

Funding Source	Funding Type	Number of Applications	Funding Level
<b>Federal Governmental Agencies</b>	Entitlement	14	\$ 32,589,277
	Competitive	5	\$ 1,933,802
	Collaboration	2	\$ 309,211
<b>State Governmental Agencies</b>	Entitlement	2	\$ 3,179,365
	Competitive	41	\$ 366,246
	Collaboration	0	\$ 0
<b>County Governmental Agencies</b>	Entitlement	0	\$ 0
	Competitive	7	\$ 317,190
	Collaboration	0	
<b>Other Agencies *</b>	Competitive	246	\$ 162,179
	Collaboration	0	\$ 0
<b>Totals</b>		<b>317</b>	<b>\$ 38,857,270</b>

\*Note: Other Agencies includes foundations, corporations, businesses, professional associations, and the like.

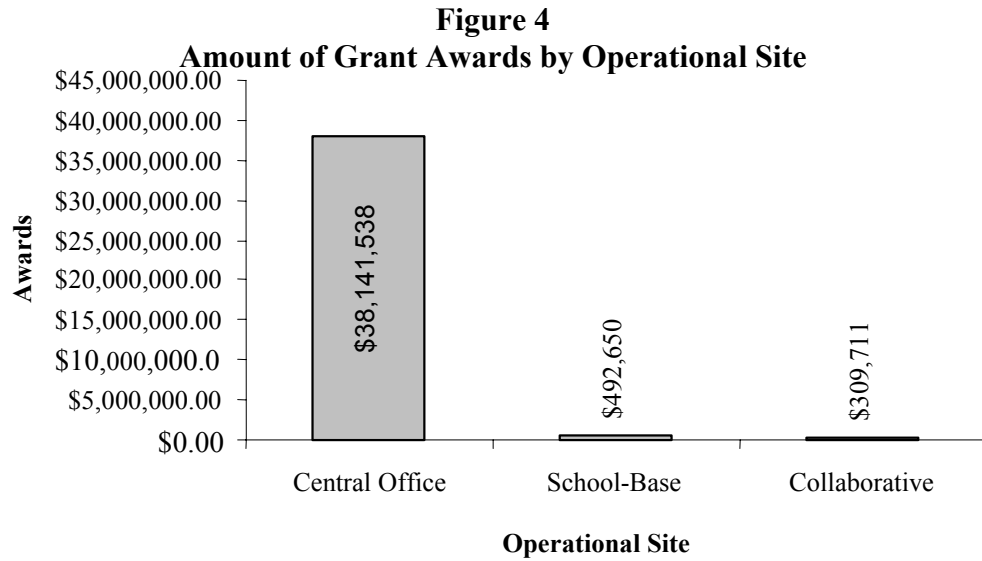

Figure 2 demonstrates that the majority of grant proposals (77.60%) were submitted to agencies other than governmental bodies, including community foundations, corporations, and professionals associations (e.g., Wake Education Partnership, North Carolina Electric Cooperatives, North Carolina Arts Council, Donor’s Choose, National Science Teachers Association)

Consistent with the information depicted in Figure 2, Figure 3 indicates that the majority of grant awards (79.83%) were received from agencies other than governmental bodies. Most of the grant awards from "Other" agencies are school-based grants for relatively small amounts of money.

Most grant applications are prepared and received by school-based personnel. However, grant funds received by the district are overwhelmingly secured through central office-based grants (see Figure 4). Federal entitlement grants account for most of the grant funds received by the school district.

**SCHOOL GRANTS CONTACT PROGRAM**

The School Grants Contact (SGC) program encourages each school to identify one staff member to serve as a liaison with the GA office. The main responsibilities of the SGC are to receive communications from the GA office about grant opportunities, distribute this information to school staff, and advise school staff of district policies and procedures pertaining to the submission of grant applications. Those interested often assume lead roles at their school with assisting school staff to prepare grant applications

SGC meetings are conducted for the purpose of sharing specific information about pending grant opportunities. Historically, these meetings have been conducted after regular school hours at a central location, and attendance has typically ranged between 5-10 individuals per meeting. In the 2004-05 school year, one-on-one training was provided at individual schools.

SGC participation has increased with one-on-one training and considerations for the 2005-06 school year are to continue with one-on-one training upon request and at the convenience of the School Grant Contact, maintain greater use of email distributions to the SGCs, and to continue the promotion of the Grants Administration intranet web site.

**GRANT APPLICATIONS BY WCPSS COST CENTER**

The following provides details on the 317 grant applications tracked for the 2004-05 year, indicating the cost center submitting the grant, the funding agency, and the eventual award.

**Responsibility for Management:**

**Collaborative, WCPSS Not Fiscal Agent**

*Source of Grant: Federal*
